Subject: revised Land Use language

Hi Mindy & Ashley,

Attached is the revised language for the land use section related to the consistency of LanEast and LanWest with the County GP. We wanted to provide this prior to our meeting Friday on Alternatives since this change would result in adding Land Use to the sections with significant and unmitigable impacts, and therefore, make this a critical topic to consider in the Alternatives analysis since our goal is to identify alternatives which specifically reduce significant and unmitigable impacts.

Also, we are wondering if you plan to provide County comments on the Biology and Alternatives sections prior to the meetings for each of those topics so we can review and prepare.

Thanks,
Megan
